

### Free Standing Double High Seat

#### Features include:

- Easily transported and assembled.
- 3mm box section steel construction.
- Adjustable padded shooting rail.
- Rifle rest.
- Wooden slatted seat.
- Wide feet to avoid support legs sinking into soft ground.
- Fully-welded joints and steelwork painted in forest green.

This seat is ideal for young plantations where the trees are unable to support a lean-to High Seat or for positioning on woodland rides. Approximately 10-feet high to base of seat. For safety reasons it is recommended that two persons erect the seat.

**£352.50 (including VAT) + P&P**

### Lightweight Folding High Seat

#### Features include:

- Quick and easy to erect.
- Weighs less than 20Kg making it light enough for one person to carry.
- Square rungs giving exceptional strength and rigidity.
- Large click-stopped hinges ensuring a safe, positive lock.
- Easily stored in the luggage area of most vehicles.
- Seat section simply bolts onto the top of the ladder, no specialist tools required.
- Available in 3m or 4m heights.

#### Three Sectional

**£293.75 (including VAT) + P&P**

#### Four Sectional

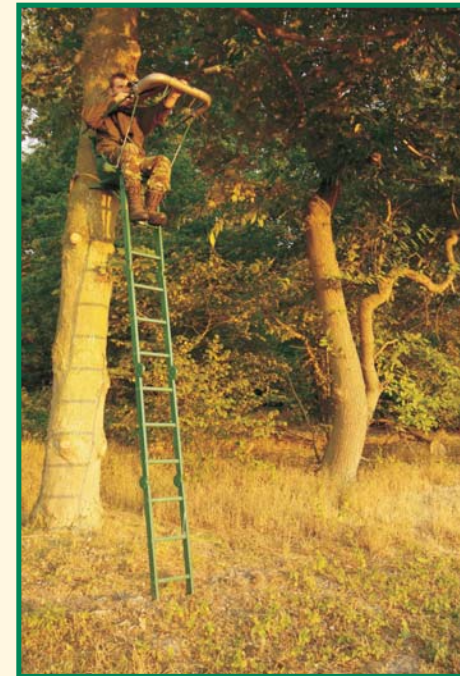

**£352.50 (including VAT) + P&P**
